We are passionate about serving the global community and demonstrating God's love to others. Whether in person or online, individually or in groups, within our church and around the world, we are focused on supporting and engaging in relationships that provide relief and restoration to a hurting world. GOALS AND STRATEGIES

We will organize, every Sunday, spiritual development seminar for those who wants to connect with their spirituality. We will send out information by flyers and going through the neighborhood of Kantershof to invite them to participate. On the Saturdays we will give music training to those who want to explore their musical talents/gifts. Furthermore, we will give weekly personal development to the youth two times a month on Sunday.

To have a positive contribution to the youth, every second week of the month we will organize a woman's meeting, which will focus on communication and building a steady household. Yearly community activities, games, BBQ, sharing life etc will continue as usual in this period in the month of August and November every year.

Specifically below is what we hope to achieve in the period from 2017 to 2020

We shall organize and execute seminars on the following topics.

1. Weekly Sunday Spiritual development seminars.
2. Every first and third Friday of the month Spiritual development seminars
3. Personal development seminar for the youth every Sunday
4. Excellent Woman every 2nd Saturday of the Month
5. Going through the neighborhood and spread the good news

We shall also be organizing Social activities such as:

1. Once a year holding a Community get together by organizing an event like BBQ, Games or sports.
2. Visiting and taking care of the sick and old people and others in the neighborhood 1104, of Amsterdam South East that are in need.

FINANCE AND FUNDRAISING

Most of our income comes through individual donators (members of SWIM) as tithes and offerings. Financing the projects is a challenge we have. We seldom receive subsidies or external income to finance our projects. We shall explore the opportunities to get more finance to help to sustain and improve our projects.

INFORMATION AND COMMUNICATION

In this period, we shall give a yearly written report with photos of all our activities and once a year newsletter to all our partners. The board meets once a year to plan and to evaluate the programs. Community leaders meet for trainings and planning once a month.

CONCLUSION

At the end of this period, we hope to have inspired and encourage the people living in the area of Amsterdam South East Kantershof. We hope to have contributed to community cohesion and peace in the city of Amsterdam, as well as growth in personal development in the youth.
